

COVID-19 – Third Lockdown

Third Lockdown – Service Update

Once again, we face an increased lockdown on instruction from the Government in relation to COVID-19.

We have constantly adapted throughout 2020 to put measures in place to ensure our service as key workers can continue without interruption.

I can confirm that our service will remain unaffected and front-line security services will continue. This includes the provision of security officers, mobile patrols, locking/unlocking and keyholding and alarm response.

The ability to do this is largely recognised through the sterling efforts of our security officers, patrol teams and control centre operatives. Regular communication is still maintained with all security staff and recognition of their ability to maintain our services has been duly documented through letters of thanks and support.

If there are any matters relating to your services, you wish to discuss in more detail please speak to your Account Manager or contact our office on 01494 441 805.

I assure you our best intentions are maintained at all times.
